

Review pull requests

Collaborate and work together on GitHub.

Finish

Congratulations friend, you've completed this course!

As you continue working on GitHub, remember that high quality reviews improve your projects. If you are new to a repository, inquire about what review practices they have so you can hit the ground running.

Here's a recap of all the tasks you've accomplished in your repository:

- You learned how to assign pull requests for review.
- You left a review on a pull request.
- You suggested changes to a pull request.
- You applied suggested changes to a pull request.
